Introducing the VEBA

The Voluntary Employees' Beneficiary Association (VEBA) plan is a type of a tax-free plan funded by employer contributions that you and your dependents may use to pay for eligible expenses. The VEBA plan is employer-funded. You must be covered by an employer-sponsored health plan to be eligible for VEBA.

Pay for health care expenses and save for retirement tax-free

What you need to know about VEBAs

- As soon as your employer funds the account the money becomes available to pay for eligible expenses.
- You don't pay taxes on account contributions, interest earned, or on eligible reimbursements.
- Your money can earn interest tax free from day one.
- You can open a basic investment account with access to 30+ mutual funds.
- Use VEBA funds to pay for eligible medical expenses now or later, even in retirement.
- Once you are no longer working for your employer, use funds to pay for health insurance premiums, such as private health insurance, COBRA, Medicare, and Long Term Care premiums.
- Deneficiary protection ensures allocation of your VEBA dollars to your spouse, children, or designated beneficiary after you're gone.

You're all set!

Use your VEBA for medical costs not covered by your health insurance, including:

- Over-the-counter medications, prescription drugs, and some feminine hygiene products
